DRAW	6 POINTS TO EACH TEAM

(A draw is where matches and games are equal)

INTERCLUB RESULT SHEETS AND ENVELOPES

If further supplies of Interclub result sheets or envelopes are Required please contact Barry Eastwick on phone 960-3826

BALLS

The preferred colour is white and clubs should get white balls when purchasing new stock. However some clubs still have plenty of orange balls and want to use them up so at this stage the host club will choose the ball colour. If a club chooses orange balls and two teams agree to use white balls for their match they may do so but the host club does not have to provide them.

FINISH TIME OF MATCHES

Due to earthquake disruptions some clubs may require the premises to be evacuated by a certain time. In this event the host club will advise participants, before starting, of the finishing time of all matches. A stop will be called when this time is reached and any matches not completed will be treated as unplayed and the result will be determined over the completed matches with points as above.
